XXM1-EEDMCT-KITA

DIGITAL MULTIMETER,
CIRCUIT TESTER AND “Y”
TERMINAL MASTER KIT

- Includes the EEDM504F, EECT413 and MTL900-KIT sets in one complete diagnostic package

XXM1-CTCG8850DB

18 V CORDLESS CAULK GUN KIT

- High feed force to easily dispense material, even when cold
- Dispense rates from 2-18 inch/minute allows user to fine tune material dispensing
- Piston retracts automatically when trigger is released to stop material from dispensing—saves time and material
- Dispenses up to 400 tubes of caulk on a single charge

5 3195:-

XXM1-SRPCR107

7 PC SNAP RING PLIERS SET

- Includes (3) straight tip and (4) angle tip (.030-.090") in a tray
- Convert from internal to external rings with push-button quick-release design; up to 80% faster than previous SRPC design
- Natural steel finish has a tough clear coating to help protect against corrosion
- Wide cushion grips provide increased comfort and control
- Manufactured from special cold forged steel with a higher alloy content for greater durability and strength
- Longer 45° and 90° jaws for easier access to hard-to-reach retaining rings

BUTANE SOLDERING KIT

- Includes attachments for soldering and hot air
- Smaller for access into tight areas
- Quick-release connector allows for fast changing of accessory tips without waiting for the tip to cool
- Magnetic stand, integrated into the bottom of tool, allows for vertical storage on side of the toolbox
- Cap safely shuts off the unit and protects the tip from accidental contact
- Soldering tips are iron and nickel plated with ceramic-coated metal catalyst and finished with a solder dip
- Unique storage solution neatly holds the torch, solder tube and accessories
